Who are you waiting for?

I pray Trump has a plan and succeeds. I hope the Congressional elections would also be reviewed.

But if not, that means that federal, and some state and local governments are all complicit in certifying results from an unconstitutional process.

Not just the few architects of the scheme, but those who went along for whatever reason.

The same governments locking down businesses, and all the other unconstitutional mandates.

This includes the police, too, and other public services.

Who are you expecting to correct this behavior?

Are you gonna vote these people out?

How did they get into office in the first place?

Who are you waiting for?

▼ There are over a million geeked up patriots here in DC today. Many of us are armed. We are waiting for the fuse to be lit. If there is no satisfaction for this crowd, I fear what we will do once the rage boils over and explodes. We are ready. See you at the Capitol if I can make it there. Phone service is sketchy.
